

REMOVAL/INSTALLATION

Remove the rear center cowl.

Disconnect the brake/taillight 3P (Black) connector [1].

Release the following from the rear fender B [2]:

- Brake/taillight harness band clip A [3]
- Brake/taillight harness band clip B [4]

Remove the following:

- Nuts [5]
- Washers [6]
- Brake/taillight unit [7]
- Grommets [8]

Installation is in the reverse order of removal.
